

Estimated Costs

- Fluoride Varnish (32 unit dose – 0.25 ml) ~ \$45.00
- Infant Toothbrush (each) \$0.50 - \$2.25
- Toddler Toothbrush (each) \$0.25 - \$2.00
- 2x2 Sterile Gauze Sponges – 12 ply (200 per pack) ~ \$5.00

Fluoride Varnish Recommendations

- Based on our experience, most medical offices prefer unit dose packaging.
- Dosage: 0.25 ml is for primary dentition and sufficient for young children.

Supply Companies

- Try ordering directly through your medical supply company first. Some companies have a medical and dental division within the same organization.
